JD Edwards Nordic Conference 2024

BI Publisher

– Much more
than first meets the eye

JD Edwards Nordic Conference 2024

Speaker:

Christer Ostenfeldt

CEO/VD at xperitus

JD Edwards Nordic Conference 2024

Agenda:

- What is what and when should it be used?
- Sharing technical DNA
- Put BIP Embedded in context
- Put BIP Enterprise in context
- Put One View Reporting in context
- Wrap up and Q&A

What is what and when should it be used?

Coverage across enterprise roles

What is Happening?	What Happened?	Why Did This Happen?	What Will Happen?	What Should Happen?
--------------------	----------------	----------------------	-------------------	---------------------

Executive Management

Sales Executives, CFO

Department Managers

AP/ AR Manager, General Accounting Manager

Individual Contributors

Buyer, Planner, Credit Analyst, Accountant

Operational Users

AP/ AR Specialist, Warehouse Manager

- Consolidated Financial Statements
- What if we roll out this product nationwide?
- What if demand falls short of forecast?

UBE BIP Embedded Inquiries

- Print
- Inqu
- Gen

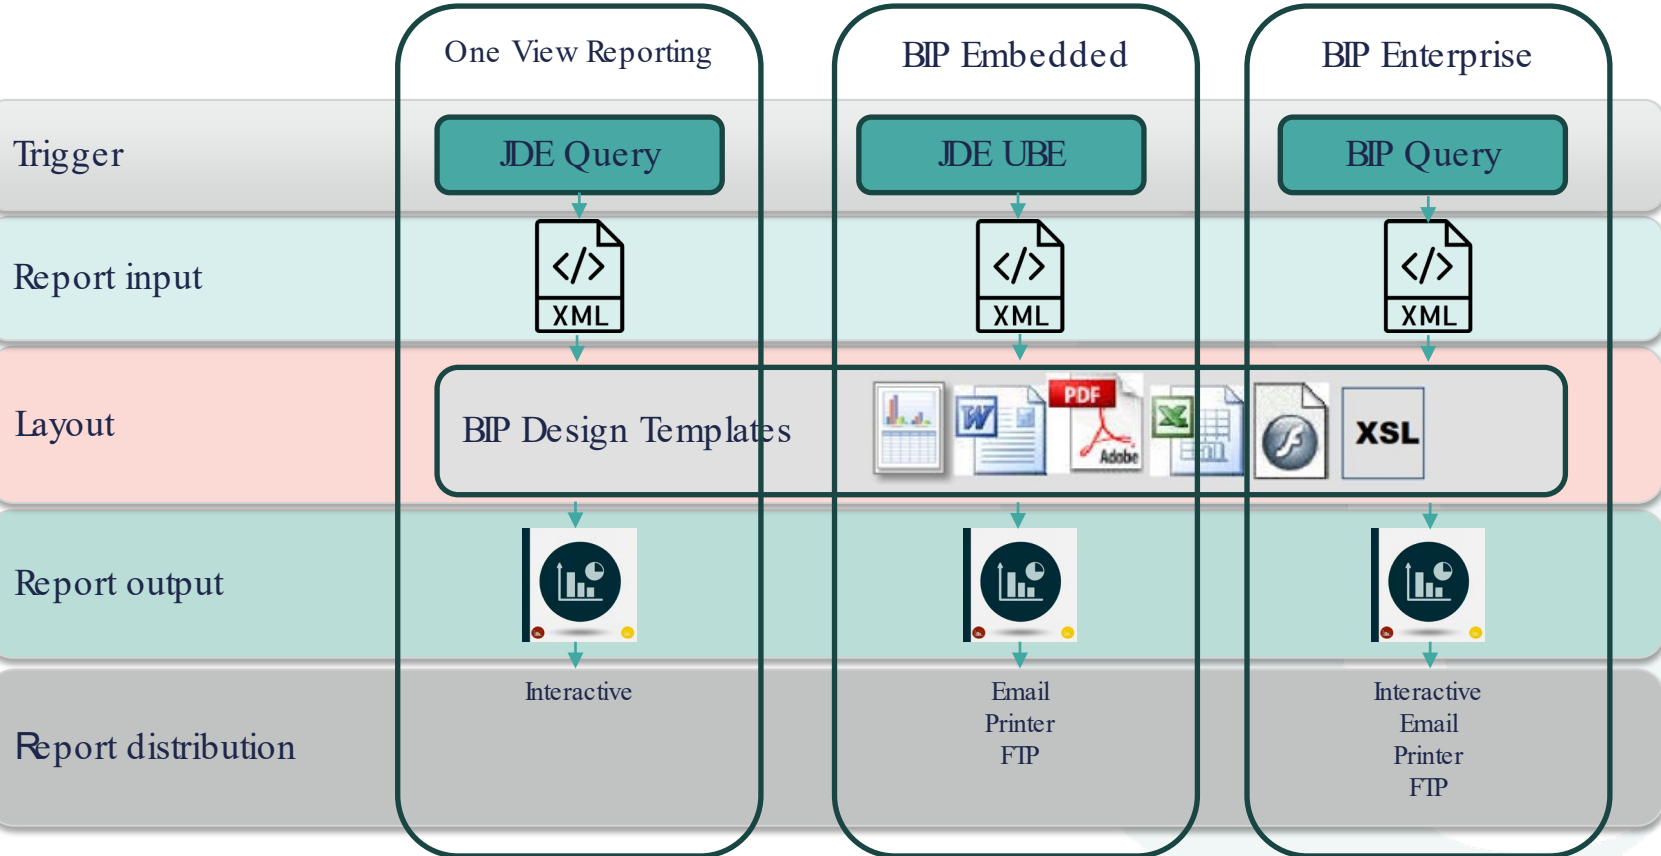

- Supplier Payments due this week?
- Late Purchase Orders by Supplier?

- Which suppliers delivers on time ?
- What is the Q4 production forecast?
- Analytics across multiple Data Sources
- Analytics across multiple processes

Global Data Warehouse (GDW)

mer

Sharing technical DNA

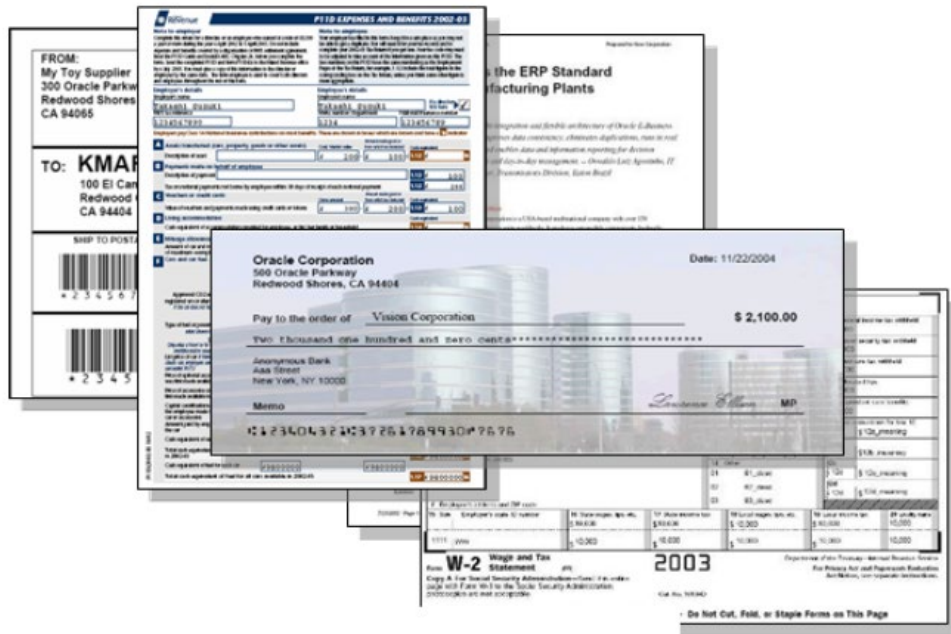

BIP Embedded

Put BIP Embedded in context

- **An event within JD Edwards EnterpriseOne triggers the report**
 - Pick Slips
 - Invoice Print
 - AP Checks
 - W2
- **An update to the JD Edwards EnterpriseOne data is performed**
 - Update status codes
 - Modify dates
 - Adjust inventory quantities
 - Create history records
- **The report only reads JD Edwards EnterpriseOne data:**
 - Customer activity
 - General Ledger accounts
 - Travel expenditures
 - Summary of suppliers
- **The report needs to perform business logic:**
 - Calculate taxes
 - Schedule delivery dates
 - Calculate salaries and benefits calculations
 - Calculate sales commission calculations

Put BIP Embedded in context

BI Publisher for JD Edwards EnterpriseOne enables you to:

- Create report layouts using familiar desktop applications.
- Format batch application output.
- Automatically distribute reports email.
- Leverage a single batch report to generate multiple different end-user reports.
- Define and manage report definitions.
- Burst a report to a variety of recipients based on data-driven metrics or specified distribution lists.

BI Publisher Report Definitions (P95620)

The screenshot displays the BI Publisher Report Definitions application interface. It features several overlapping windows:

- Update Report Definition - Languages and Output Types**: Shows a list of report definitions with columns for Report Definition, Description, Product Code, Product System, Source Type, Source UBE, and Source Version. A record with ID RT42565 is highlighted.
- Update Report Definition - Bursting and Delivery**: A configuration window for the selected report definition. It includes tabs for **Bursting/Delivery** and **Override Output File Name**.
 - Bursting**: Includes a checkbox for **Burst Report**.
 - Delivery**: Includes checkboxes for **Printer**, **Data Driven**, and **Distribution Structure**.
 - E-Mail Details**: Includes fields for **Data Item for From E-Mail** and **From E-Mail**.
 - Output File Name**: Includes a checkbox for **Archive Report Definition in Hierarchical Structure is Disabled**, a checkbox for **Override Output File Name**, and a **Define File Name** button.
- Update Report Definition - Bursting and Delivery** (second instance): Shows a table of report definition properties.

Live Demo! 😊

JD Edwards Nordic Conference 2024

Wrap up:

Take away...

If you are not already using BIP Embedded, BIP Enterprise or One View Reporting ask yourself why. 😊

Great cost efficient tools to organise your data and make more available and easy to consume for your users.

Find out more:

The screenshot shows the xperitus website. At the top, there is a navigation bar with the xperitus logo, a globe icon, and a menu icon. The main content area features a dark blue background with the text "ERP Systems Specialists" and a sub-headline: "xperitus is an Oracle Partner and experts in the ERP systems NetSuite and JD Edwards. 15 years of experience in implementing ERP for the manufacturing industry, distributors, wholesalers, and Field Service." Below this is a red button that says "Book a Consultation". At the bottom, there is a section for "ORACLE JD Edwards" and a promotional banner for "JD Edwards Nordic Conference" on Tuesday, 14 May, 2024, at Hotel Jacy'z, Gothenburg, Sweden. The footer includes logos for xperitus, ORACLE, REDFAIRE INTERNATIONAL, and Cadran.

The screenshot shows the LearnJDE website. At the top, there is a navigation bar with a search icon, a social media icon, and a menu icon. The main content area features a dark background with a woman looking at a tablet. The text reads: "Announcing JD Edwards EnterpriseOne Release 24". Below this is a section for "Register for BLUEPRINT 4D" with dates "May 7 - 10, 2024" and location "Dallas, Texas". At the bottom, there is a section for "Premier Support for EnterpriseOne Extended through at least 2035!" with a "Learn More" button. The footer includes a navigation bar with three dots.

[LearnJDE | JD Edwards Resource Library \(oracle.com\)](#)

The screenshot shows the Redfaire International website. At the top, there is a navigation bar with the REDFAIRE INTERNATIONAL logo and a menu icon. The main content area features a dark background with the text: "ACCELERATE YOUR BUSINESS WITH A GLOBAL JD EDWARDS PARTNER". Below this is a sub-headline: "WORLDWIDE ORACLE ERP SOLUTIONS TAILORED TO LOCAL NEEDS." There are three blue buttons: "Customer Success", "Our Services", and "Move to the Cloud". At the bottom, there is a red section with the text: "We are an Oracle Partner" and "ORACLE Enterprise Resource Planning Cloud". The footer includes the website URL "redfaireinternational.com".

[Redfaire International | Oracle JD Edwards and ERP Cloud Consultants \(EN\)](#)

The screenshot shows the Cadran website. At the top, there is a navigation bar with the Cadran logo and a menu icon. The main content area features a dark background with the text: "The leading Oracle partner in The Netherlands". Below this is a sub-headline: "With 25 years of experience with implementation, support & hosting of ERP-systems for wholesale, manufacturing and commodity trade." There is a red button that says "Discover our ERP solutions". At the bottom, there is a section for "ORACLE JD EDWARDS" and a list of services: "Oracle JD Edwards >", "Oracle JD Edwards ERP", "Oracle JD Edwards Add-ons", and "Oracle JD Edwards Commodity Trade".
